Leaders in Namibian **Fire and Safety Security**

RST Risk and Security Solutions is an innovative fire and security protection company. Established in 2014, we have quickly grown to be leaders in our field and are passionate about providing effective fire and security solutions for our clients in any sector. We protect lives, property and livelihoods with our quality fire protection systems.

At the helm of our operations is a management team that is widely regarded as the best in the industry and we have operating entities in Namibia and Botswana. Our staff are highly trained and skilled at what they do. We can say confidently that we provide every client with expert, professional and knowledgeable solutions.

VALUES & MISSION

1 Core Values

Integrity – Commitment – Professionalism – Quality – Safety

These values are the foundation of our company and the cornerstones of our customer service. We believe part of our success can be attributed to our commitment to providing quality, timeous service and expert advice. We make it a priority to keep up to date with training, new safety rules and regulations, and have an extensive and comprehensive product line to meet any fire and safety need.

2 Mission

Our mission is to ensure all customers have the best fire security and protection solutions to meet their needs. We are extremely proud of our product offerings and the fact that we only work with quality and advanced systems that protect, detect and prevent. We are dedicated to fire safety and risk management in homes, workplaces, factories and retails spaces.

OUR PURPOSE

Our purpose is to protect, educate and help prevent any losses in any capacity whatsoever. We promise to provide an effective, all-encompassing fire and life-safety service to all customers, thereby minimising loss of life and damage to property and the environment that results from a disaster or emergency.

What Sets Us Apart?

We handle every aspect of your fire suppression and safety plan for you. From assessing your needs, designing a one-of-a-kind plan, supplying all the parts, installing everything and maintaining all parts and ensuring that all is in working order, we do it all! We provide clients with reliable, economically viable fire protection systems, tailor-made for specific projects and backed by our capacity to effectively utilise the latest available technology.

Our comprehensive services and product range, along with our uncompromising commitment to quality and professionalism, ensures that we achieve and maintain the position of industry leaders.

We are a member of the Local Authority Fire Brigade Services of Namibia as well as a Registered Certified Approved Inspection Authority at Ministry of Labour.

RST Team

Our team is regularly trained and kept up to date with safety rules and regulations, as well as the latest innovations within the industry. They are the backbone of our success as a company and we'd like to introduce some of our valued employees to you so you can see the calibre of knowledge you get when you work with RST Risk and Security Solutions.

Ryno Jacobsz Director

Mr Jacobsz is known for his responsible attitude and professional approach. He is a quick thinker and takes initiative. He has good communication and leadership skills and works well under pressure, making him the perfect candidate to handle installations of systems and servicing of installations. He is an asset on any project.

Certificates

- ASIB (Automatic Sprinkler Inspection Bureau)
- AST Fire Suppression Systems
- ZP3 Fire Detection (Ziton)
- Institute of Fire Engineering South Africa (Level 2)

Henk Brink Director

Mr Brink has more than 10 years' experience in the financial service industry. With his goal-oriented mindset and drive to succeed, Mr Brink ensures RST Risk and Security Solutions provides perfection in all areas of work and service.

Certificates

- B-IURIS

Carlo Majiedt

Senior Fire Technician, Site Supervisor, Security Supervisor, Stock Controller

Meet Carlo Majiedt, a seasoned professional and a key player at RST Risk and Security Solutions. As our Senior Fire Technician, Carlo brings a wealth of expertise to ensure top-notch fire safety solutions. His role extends beyond fire technology, as he takes on responsibilities as a Site Supervisor, overseeing seamless project execution. In addition, Carlo serves as a dedicated Security Supervisor, contributing to the overall safety and protection of our clients. His diverse skills are further showcased as a meticulous Stock Controller, ensuring the efficient management of essential resources. Carlo's commitment and versatility make him an indispensable asset to our team, enhancing the effectiveness of our comprehensive security and fire protection services.

Amore Etsebeth

Senior Finance Officer,
Senior Administrator

Meet Amore Etsebeth, a proficient and dedicated professional serving in dual roles at RST Risk and Security Solutions. As our Senior Finance Officer, Amore brings a wealth of financial expertise, ensuring the meticulous management of our financial operations. Additionally, in her role as Senior Administrator, she plays a pivotal role in overseeing administrative functions with precision and attention to detail.

Amore's commitment to excellence and proficiency in both finance and administration make her an invaluable asset to our team, contributing to the seamless functioning and success of our organisation.

Christopher Bock

Site Supervisor, Senior Welder & Sprinkler Fabricator, Fire Technician

Meet Christopher Bock, our versatile Site Supervisor at RST Risk and Security Solutions. With extensive experience as a Senior Welder and Sprinkler Fabricator, Christopher brings a wealth of knowledge and expertise to our team. His role extends beyond traditional boundaries, encompassing fire technology, where he excels as a proficient Fire Technician. Christopher's dedication to precision and safety makes him an invaluable asset, ensuring the seamless execution of projects and the highest standards in fire protection and security solutions.
